If the planning authority needs to make an appoint The agent The applicant Other person	intment to carry out a site visit, whom should they contact?			

36. Pre-application Advice

Has assistance or prior advice been sought from the local authority about this application?

0	Yes	0	Ν	(

37. Authority Employee/Member

With respect to the Authority, is the applicant and/or agent one of the following:

- (a) a member of staff (b) an elected member
- (c) related to a member of staff
- (d) related to an elected member

It is an important principle of decision-making that the process is open and transparent.

Yes No

For the purposes of this question, "related to" means related, by birth or otherwise, closely enough that a fair-minded and informed observer, having considered the facts, would conclude that there was bias on the part of the decision-maker in the Local Planning Authority.

Do any of the above statements apply?

38. Ownership Certificates and Agricultural Land Declaration

CERTIFICATE OF OWNERSHIP - CERTIFICATE B - Town and Country Planning (Development Management Procedure) (England) Order 2015 Certificate under Article 14

I certify/The applicant certifies that:

- 1 have/The applicant has given the requisite notice to everyone else (as listed below) who, on the day 21 days before the date of this application, was the owner* and/or agricultural tenant** of any part of the land or building to which this application relates; or
- The applicant is the sole owner of all the land or buildings to which this application relates and there are no other owners* and/or agricultural tenants**.
- * 'owner' is a person with a freehold interest or leasehold interest with at least 7 years to run. ** 'agricultural tenant' has the meaning given in section 65(8) of the Town and Country Planning Act 1990.

OFFICER'S ASSESSMENT

1. Site Description

The application site forms part of a purpose built two storey block of four flats, designed in the mid 1950s in the vernacular style. The two upper floor flats are accessed from the front and the two ground floor flats from the side passageway. All four flats have private designated outdoor amenity space to the front and rear.

The wider context is one of two storey semi detached single dwelling houses from the interwar period within the triangular block of Dollis Road, Holders Hill Road and Thornfield Avenue, with the exception of Thornfield Parade which is a characteristic three storey neo Georgian block with ground floor commercial uses and residential to first and second floors. Other exceptional uses include the petrol filling station at Dollis Road.

The subject property is not a listed building nor is it within a conservation area. There are no TPOs within the site.

2. Site History

Site Address: 1 Millwind Court Dollis Road London NW7

Application Number: W11642 Application Type: Full Application Decision: Approve with conditions

Decision Date: 11.01.1999

Proposal: Creation of vehicular access.

Site Address: 4 Millwind Court Dollis Road London NW7

Application Number: 18/7670/FUL Application Type: Full Application

Decision: Refused

Decision Date: 04.03.2019

Proposal: Enlargement and alterations to existing flat 4 including creation of an additional

storey at second floor level

3. Proposal

Roof extension involving rear and side dormer window. New garden shed

4. Public Consultation

Consultation letters were sent to 30 neighbouring properties. No responses have been received.

5. Planning Considerations

5.1 Policy Context

National Planning Policy Framework and National Planning Practice Guidance

The determination of planning applications is made mindful of Central Government advice and the Local Plan for the area. It is recognised that Local Planning Authorities must determine applications in accordance with the statutory Development Plan, unless material considerations indicate otherwise, and that the planning system does not exist to protect the private interests of one person against another.

The revised National Planning Policy Framework (NPPF) was published on 19th February 2019. This is a key part of the Governments reforms to make the planning system less complex and more accessible, and to promote sustainable growth.

The NPPF states that 'good design is a key aspect of sustainable development, creates better places in which to live and work and helps make development acceptable to communities.... being clear about design expectations, and how these will be tested, is essential for achieving this'. The NPPF retains a presumption in favour of sustainable development. This applies unless any adverse impacts of a development would 'significantly and demonstrably' outweigh the benefits.

The Mayor's London Plan 2021

The new London Plan which sets out the Mayor's overarching strategic planning framework for the next 20 to 25 years was adopted on the 2nd March 2021 and supersedes the previous Plan

The London Development Plan is the overall strategic plan for London, and it sets out a fully integrated economic, environmental, transport and social framework for the development of the capital to 2050. It forms part of the development plan for Greater London and is recognised in the NPPF as part of the development plan.

The London Plan provides a unified framework for strategies that are designed to ensure that all Londoners benefit from sustainable improvements to their quality of life.

The London Plan is currently under review. Whilst capable of being a material consideration, at this early stage very limited weight should be attached to the Draft London Plan. Although this weight will increase as the Draft London Plan progresses to examination stage and beyond, applications should continue to be determined in accordance with the adopted London Plan

Barnet's Local Plan (2012)

Barnet's Local Plan -Reg 18 Preferred Approach was approved for consultation on 6th January 2020. The Reg 18 document sets out the Council's preferred policy approach together with draft development proposals for 67 sites. It is Barnet's emerging Local Plan. The Local Plan 2012 remains the statutory development plan for Barnet until such stage as the replacement plan is adopted and as such applications should continue to be determined in accordance with the 2012 Local Plan, while noting that account needs to be taken of emerging policies and draft site proposals.

Barnet's Local Plan is made up of a suite of documents including the Core Strategy and Development Management Policies Development Plan Documents. Both were adopted in September 2012.

- Relevant Core Strategy Policies: CS NPPF, CS1, CS5.
- Relevant Development Management Policies: DM01, DM02.

The Council's approach to development as set out in Policy DM01 is to minimise the impact on the local environment and to ensure that occupiers of new developments as well as neighbouring occupiers enjoy a high standard of amenity. Policy DM01 states that all development should represent high quality design and should be designed to allow for adequate daylight, sunlight, privacy and outlook for adjoining occupiers. Policy DM02 states that where appropriate, development will be expected to demonstrate compliance to minimum amenity standards and make a positive contribution to the Borough. The development standards set out in Policy DM02 are regarded as key for Barnet to deliver the highest standards of urban design.

Supplementary Planning Documents

Sustainable Design and Construction SPD (adopted October 2016)

- Provides detailed guidance that supplements policies in the adopted Local Plan, and sets out how sustainable development will be delivered in Barnet.

5.2 Main issues for consideration

The main issues for consideration in this case are:

- Whether harm would be caused to the character and appearance of the existing building, the street scene and the wider locality;
- Whether harm would be caused to the living conditions of neighbouring residents.

5.3 Assessment of proposals

Impact on the character of the area

The roof extension: This would provide an additional bedroom and en-suite for the first floor flat. The dormer windows to the side and rear are acceptable in terms of their dimension and positions. There are other examples of rear and side dormers windows to properties adjacent on Dollis Road and Holders Hill Road and the proposal is not out of character or context.

The garden shed: This would provide additional storage space for the first floor unit. The private garden currently exceeds 90m2. The proposed flat would require 30m2 of private amenity space according to the London Plan. Taking into account the proposed shed, the

remaining private garden would still be 70m2. The proposed garden shed would be 2.5m high with a flat roof and located to the rear of the garden.

Impact on the amenities of neighbours

The proposed garden shed is 2.5m high with a flat roof, located at the rear of the garden. It will not affect the amenity of the adjacent occupiers. The dormer windows would not materially affect the light or outlook to adjacent occupiers, and the first and second floor flank windows of the adjoining three storey block probably serve bathrooms. Moreover, the new dormer window in the side elevation would serve a staircase and the opportunity for any potential overlooking is small.

5.4 Response to Public Consultation

No objections

6. Equality and Diversity Issues

The proposal does not conflict with either Barnet Council's Equalities Policy or the commitments set in the Equality Scheme and supports the Council in meeting its statutory equality responsibilities.

7. Conclusion

The proposal is considered to accord with the requirements of the Development Plan and is therefore recommended for approval.

OFFICER'S RECOMMENDATION / PREVIEW OF DECISION

Αı	prove	subi	ect	to	cond	litions
\neg		SUD	COL	w	COLIG	แนบเเอ

1 The development hereby permitted shall be carried out in accordance with the following approved plans: 4MC-PP2-01 A, 4MC-PP2-03 A, 4MC-PP1-02

Reason: For the avoidance of doubt and in the interests of proper planning and so as to ensure that the development is carried out fully in accordance with the plans as assessed in accordance with Policies CS NPPF and CS1 of the Local Plan Core Strategy DPD (adopted September 2012) and Policy DM01 of the Local Plan Development Management Policies DPD (adopted September 2012).

2 This development must be begun within three years from the date of this permission.

Reason: To comply with Section 51 of the Planning and Compulsory Purchase Act 2004.

3 The materials to be used in the external surfaces of the dormer windows shall match those used in the existing building.

Reason: To safeguard the visual amenities of the building and surrounding area in accordance with Policy DM01 of the Development Management Policies DPD (adopted September 2012) and Policies CS NPPF and CS1 of the Local Plan Core Strategy (adopted September 2012).

4 The use of the outbuilding hereby permitted shall at all times be ancillary to and occupied in conjunction with the main building (4 Millwind Cout) and shall not at any time be occupied as a separate unit or dwelling.

Reason: To ensure that the development does not prejudice the character of the locality and the amenities of occupiers of adjoining residential properties in accordance with Policy DM01 of the Development Management Policies DPD (adopted September 2012).

Informative(s):

In accordance with paragraphs 38-57 of the NPPF, the Local Planning Authority (LPA) takes a positive and proactive approach to development proposals, focused on solutions. The LPA has produced planning policies and written guidance to assist applicants when submitting applications. These are all available on the Council's website. The LPA has negotiated with the applicant/agent where necessary during the application process to ensure that the proposed development is in accordance with the Development Plan.

- 4. For details relating to Street naming and numbering, please visit https://www.barnet.gov.uk/citizen-home/planning-conservation-and-building-control/street-naming-and-numbering.html

APPEAL GUIDANCE:

Should you (an applicant or agent) feel aggrieved by the decision of the Council to either refuse permission or to grant permission subject to conditions, you can appeal to the Secretary of State for the Department of Communities and Local Government – Sections 78 and 195 of the Town and Country Planning Act 1990 / Sections 20 and 21 of the Planning (Listed Buildings and Conservation Areas) Act 1990. Any such appeal must be made within the relevant timescale for the application types noted below, beginning with the date of the decision notice (unless an extended period has been agreed in writing with the Council):

- Six months: Full (excluding householder and minor commercial applications), listed building (including Certificate of Lawfulness in relation to a listed building), Section 73 'variation/removal', Section 73 'minor material amendment', extension of time and prior approval applications.
- 12 weeks: Householder planning, householder prior approval and minor commercial applications.
- 8 weeks: Advertisement consent applications
- No timescale: Certificate of lawful development (existing/proposed) applications.

Where an enforcement notice has been issued, the appeal period may be significantly reduced, subject to the following criteria:

- Where the development proposed by your application is the same or substantially the same as development that is the subject of an enforcement notice served within the last two years you must appeal within 28 days of the date of the application decision
- Where an enforcement notice is served on or after the decision date on your application relating to the same or substantially the same land and development as in your application and if you want to appeal against the Council's decision you are advised to appeal against the Enforcement Notice and to do so before the Effective date stated on the Enforcement Notice.

Appeals must be made using the prescribed form(s) of The Planning Inspectorate (PINS) obtained from www.planning-inspectorate.gov.uk or by contacting 03034445000. A copy of any appeal should be sent both to PINS and the Council.

The Secretary of State can allow a longer period for giving notice of an appeal, but will not normally be prepared to use this power unless there are exceptional special circumstances. The Secretary of State can refuse to consider an appeal if the Council could not have granted planning permission for the proposed development or could not have granted without the conditions it imposed, having regard to the statutory requirements and provision of the Development Order and to any direction given under the Order. In practice it is uncommon for the Secretary of State to refuse to consider appeals solely because the Council based its decision on a direction given by the Secretary of State.

PURCHASE NOTICES:

If either the Local Planning Authority or the First Secretary of State refuses permission to develop land or grants it subject to conditions, the owner may claim that he/she can neither put the land to a reasonably beneficial use in its existing state nor can he/she render that land capable of a reasonable beneficial use by carrying out of any development which has been or would be permitted. In these circumstances, the owner may serve a Purchase Notice on the District Council in whose area the land is situated. This notice will require the Council to purchase his interest in the land in accordance with the provisions of Part VI of the Town and Country Planning Act 1990.

Additional Notes

Local authorities (Planning Group or Building Control) might request for additional items / information to be added / revised.

Contractor, sub-contractor or supplier is to report any errors, omission or discrepancies on the drawings, and shall not vary any work shown on the drawings without obtaining prior approval from the architect. Contractor, sub-contractor or supplier is responsible for requesting any additional information from the architect for the correct execution of the works.

Contractor, sub-contractor or supplier shall supply to the architect all shop drawings, illustrations, specifications, etc. of all specialist work to be incorporated into the main contract works, and shall immediately inform the architect if any work shown on this drawing is not in accordance with the relevant codes of practice recognised as good practice throughout the industry or if it does not comply with the relevant local authority bye-laws or building regulations.

Contractor to verify all dimensions on site before commencing any work on site or preparing any shop drawings. Figured dimensions to take precedence over scaled dimensions.

Contractor, sub-contractor or supplier shall immediately advise the architect / quantity surveyor of the effect upon programme and cost of any alterations to the proposed works shown on this drawing.

All materials, components and workmanship to comply with the relevant British Standarts, Codes of Practice and appropriate manufacturers' recommendations that from time to time shall apply.

This drawing superseeds all previous issues of the same drawing number with earlier revisions.

This drawing and design is copyright to Tal Arc Ltd and remains the property of Tal Arc Ltd, and as such the contents must not be disclosed to anyone or reproduced in any way without prior consent from Tal Arc Ltd.
